SUMMARY

I am a motivated B.Tech Information Technology student with robust problem-solving skills and hands-on experience in full-stack web development and databases. Having built real-world applications, I am enthusiastic about leveraging my coding abilities to address practical challenges. I am actively engaged in tech communities, committed to continuous learning and improvement

EXPERIENCE

Intern
Unified Mentor Pvt. Ltd
📅 10/2023 - 01/2024 📍 Remote

A company focused on mentoring and developing skills for aspiring professionals

- Selected for internship training under Unified Mentor's program
- Worked on projects involving modern web technologies and practical development skills

Intern
IBM Developer Skills Network
📅 09/2023 - 10/2023 📍 Offline

Part of IBM's initiative to provide educational resources for developers

- Completed hands-on training in Python, Data Science Tools, and Big Data via IBM SkillsBuild
- Gained practical experience using Jupyter Notebooks, Pandas, and SQL

Technical Team Member
GFG SRMCEM
📅 07/2023 - 09/2024 📍 Lucknow

Technical team focused on educational support in technology

- Supported technical events, workshops, and coding contests
- Contributed to peer-learning sessions and content writing

EDUCATION

Bachelor of Technology
Ramswaroop College
📅 08/2022 - 06/2026 📍 Lucknow

High School & Intermediate
Rameshwaram Academy
📅 08/2019 - 06/2022
